MORRIS COUNTY WINS FROM OAKLAND  
ON THE HOME LINKS.

TOLER'S BRILLIANT BALLY TIES HIM WITH  
TRAVIS-HARRIMAN BEATEN BY TYNG  
A NEW RECORD MADE.

By a long, clear put on the home green Harry Toler established a new record of the Morris County links yesterday, and the Oakland team lost only chance of scoring against the crack Morris County players. It was after a plucky uphill fight against Travis, the Oakland captain, that Toler succeeded in halving his match. When the ball was seen to disappear in the hole there was a burst of applause from the onlookers, whose sympathies were naturally with the home golfer, and many glad hands were extended to the smiling Toler as he left the green.

Each club was represented by six men, the Oakland team being headed by Travis and Herbert Harriman, and the Morris County team by Toler and Tyng. Foshay P. Keene did not appear, as he was obliged to go to Newport, but even with his support it is doubtful if the result would have been different. It was an admirable showing that the Morris County Club made, and one that surpassed the most sanguine hopes of its players. The final score was 22 to 10 so that the visitors left without the satisfaction of a single hole won.

It was easy to see that Travis was disappointed in not being paired with his old rival, Tyng. He had come down prepared to wipe out the defeat which he had suffered at Tyng's hand at Sen- bright, and a good many thought he would do it. But Captain F. H. Morgan had made other arrangements, and Tyng was given to Harri- man. Toler, who was known to be eager for a match with the Oakland champion, was paired with Travis.

The latter displayed faultless form up to the fourteenth, at which point he was 3 up. On the hole he ruined the cup for a 3, and won out at 4 to 3. Then he began to fall off in his putting, just as he has done so often in important contests, this evening. He was beaten on the next three, and Toler got the hole in a perfect 4 on the sixteenth. Travis drove on to the green from the tee, and again followed with two weak puts. Toler was down in a long putt on his fourth, and saved the hole. Travis was then 1 up with 2 to go. The seventeenth was halved in 5, and then came the darling putt on the home green that tied the match. The cards were:

|             | Gross Handicap No. | Net |
|-------------|--------------------|-----|
| H. Toler    | 101                | 17  |
| H. Harriman | 112                | 14  |
| W. A. Tyng  | 114                | 17  |

BOWERS WINS THE OTSEGO.

Cochesettown, N. Y., July 16.—The Otsego Cup, the main trophy in the Otsego Club's three days' tournament was won to-day by S. D. Bowers of the home club, after an interesting match with J. E. Leech of Washington, the latter receiving three strokes handicap on each eighteen-hole round. Leech was much handicapped by unfamiliarity with the putting greens, thus causing him the loss of many holes. At the end of the morning round Bowers had obtained an advantage of six holes, which proved too great a lead for Leech to overcome. Bowers finally winning by 10 up and 9 to play. Leech clearly excelled in driving, but when it came to approaching and putting Bowers was his superior. Leech played a fine game, in spite of Bowers' greater knowledge of the course. The following are the cards.

|              | Gross Handicap No. | Net |
|--------------|--------------------|-----|
| S. D. Bowers | 101                | 17  |

NO NEW-YORK-PHILADELPHIA GAME.

IMPOSSIBLE TO GET A REPRESENTATIVE TEAM

TOGETHER HERE—MAY PLAY THE ENGLISHMEN.

At a meeting of the Executive Committee of the Metropolitan District Cricket League, held on Friday night, the secretary announced that the replies received from those selected to play in the contemplated game between representative teams of New York and Philadelphia had been most unsatisfactory, and that it would be impossible to get out a representative team. Rather than send out a team eleven, the committee decided it would be better to abandon the game altogether, which was done.

The league will play an all-day game with a representative team of the American Whist Association on Thursday, August 1, and a committee of three, comprising R. T. Hobey, F. P. Kelly and Jerome Flannery was appointed to select the league team and make arrangements for the game. The committee has been requested regarding the advisability of securing the services of the contemplated game with the English team, which will be here next month, but a resolution in favor of the English team, and these men said that the Englishmen will be here if suitable arrangements can be made.

EASY FOR NEW-JERSEY'S TEAM A.

The two teams of the New-Jersey Athletic Club met for the second time this year at Bergen Point yesterday, and on this occasion Team A had no difficulty in showing its superiority, winning by 93 runs and one wicket to spare. O. Tolley accomplished afeat for the winners, bowling five wickets in seven balls for no runs. M. C. Cobb took 4 for 20, and C. K. Peck and T. J. O'Brien also were also successful for the bat. For Team B the best work was done by H. C. Wright and G. F. Peper.

KINGS COUNTY FALLS TO MANHATTAN II.

The Kings County Club played its return match with the Manhattan Second Eleven at Prospect Park yesterday, and again sustained defeat, the margin, however, being a small one of 13 runs, which indicated a closely contested game. W. O. Wilkinson was in great form with the willow for the winners, and he played a good, steady innings of 32, while C. Ford, W. Adam and H. Wilkinson also got into double figures. King County's best work was done by H. C. Wright and G. F. Peper.

THE LEAGUE WILL PLAY AN ALL-DAY GAME WITH A TEAM OF THE AMERICAN WHIST ASSOCIATION.

The Meadow Brook and Philadelphia clubs play at Cedarhurst.

The Meadow Brook team was never in better form, and their opponents a handicap of 16 goals, they beat them easily, outplaying them at their own tactics and outranking them beyond a question of doubt in equine equipment.

C. C. Baldwin made a name for himself yesterday, if he had not already done so, and his plucky work will long be remembered. He and Harry Payne Whitney were the life of their team and the heavy play, and the Evans brothers were applauded for their work in the early posts.

On the quakers, Kennedy was the leading antagonist, his drives having most power in them.

Smith, at back, though, is equally deserving of praise for the way he cleverly averted disaster on many occasions.

The contests for the Southampton cups and the Rockaway pair games tomorrow, Wednesday and Saturday will bring the tournament at Cedarhurst to a close, and then the poloists migrate to New- port for the Point Judith contests on July 25.

The teams, their handicaps and positions were as follows:

Meadow Brook—No. 1, W. C. Pratt, 2, C. C. Baldwin, 3, N. W. T. Tully, 4, H. C. Wright, 5, C. F. Johnson, 6, H. M. Bishop, 7, Total 10.

Rockaway—No. 1, W. H. Thompson, 2, C. H. Peck, 3, R. W. Thurston, 4, H. C. Wright, 5, C. F. Johnson, 6, H. M. Bishop, 7, Total 10.

On THE ARDSLEY LINKS.

Ardslley's array of golfers were out in force yesterday. The usual weekly handicaps for Classes A and B were the chief attraction and sixteen cards were returned. In Class A there was a tie between R. H. Syms and R. C. Myles, at 81 net. In Class B Hancock Griffin was the winner. The final contest for the Bogie Cup, offered last month, resulted in victory for H. S. Brooks, who was 1 down to the "Colonel," Mrs. F. L. Edgington and Mrs. Charles H. Smith, at 44 in the women's putting match in the play-off. Mrs. Edgington won. Following is the summary:

LIVE BIRD MATCHES AT THE ELKWOOD PARK TRAPS.

Long Branch, July 16.—There was a double attraction at the Elkwood Park traps this afternoon, and a large crowd of shooting sportsmen greeted the shooters. The Half-Holiday Handicaps was won by Edgar Gibbons Murphy, the only contestant to finish with a straight score. Tolden, Daly and Dolan each scored 8 kills. Culverin withdrew at the end of the seventh round with three misses, two of his birds falling dead out of bounds.

The bird allowance handicap was won by H. Yale Dolan, after a tie with Toland, Daly and Paton.

Toland had a clear lead up to the beginning of the eighteenth round, when he was overtaken by Dolan and Paton. Both Dolan and Paton then killed a bird, and Dolan's bird was the best, a bird, a few feet away from the others.
